

COVID-19 Coverage Assistance Fund Webinar

Dear health care provider:

The Health Resources and Services Administration's (HRSA) **COVID-19 Coverage Assistance Fund (CAF)** reimburses the costs of administering COVID-19 vaccines to underinsured patients whose health insurance doesn't cover vaccine administration fees, or does but typically has patient cost-sharing.

We are reaching out to inform you of upcoming enhancements to the [CAF provider portal](#). Returning visitors to the CAF portal will soon notice that the enhancements include real-time provider validation and improvements to the overall look and feel.

If you have previously submitted claims for costs associated with administering vaccines to underinsured individuals through the portal or would like to begin doing so, join us for an informational webinar on Thursday, January 13, 2022, at 2:00 pm EST.
